Skills:

Advanced knowledge of Adobe Creative Cloud Suite (owner since Photoshop CS2 and Master Collection CS3), Magix (formerly Sony) Vegas, Cubase Pro, Pro-Tools, Sibelius, Waves, Vienna Symphonic Library, Native Instruments Komplete, EastWest, Word, Excel, Powerpoint and Outlook; Proficient in I.T. across a range of operating systems and extensive experience of production gallery etiquette. I have had a wide range of experience across different broadcast areas. I particularly enjoy writing music and experimenting with sound in my home studio (several of my tracks are used today on UK and international broadcasts and films), audio post-production (ADR, music and effects) for film and new media. Head Boy in final year at Queen Anne High School, Dunfermline.

Interests:

Running, travelling, reading, playing the piano.

Client Reactions:

"Derek combines originality with consistently high quality. He is fast, has a great understanding of the project and is extremely user friendly!"
Michael Leggo CCO at Yummi Interactive, Former Head of BBC Light Entertainment

"Derek's understanding of a client's needs, fast turnaround and innovative diverse style never misses the mark. He has an intuitive way of knowing what you want before you do..."
Rebecca Hughes Commercial Partnerships Controller Channel Five Television

"WOW! Just received some of the DVDs and they look fantastic. Love the layout and function. Beautiful presentation of artwork and love the way there is a little 'movement' in the stills of the slideshow when the DVD first opens. Thank you....thank you!"
Britta Pollard (DVD Video and DVD-Rom Windows applications designed by Derek Gibbons for Southern Palms/Exposure 4)
